**Report on the Audit of the Financial Statements**

***Opinions***

We have audited the accompanying financial statements of the governmental activities, of the Housing Authority of the Town of Newton, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Housing Authority of the Town of Newton basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Housing Authority of the Town of Newton as of December 31, 2022, and the respective changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Housing Authority of the Town of Newton and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Housing Authority of the Town of Newton's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of the Town of Newton's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Housing Authority of the Town of Newton
- Housing Authority of the Town of Newton's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and OPEB and PERS supplemental information on pages 5 through 17 and pages 44-48 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Housing Authority of the Town of Newton's basic financial statements. The accompanying supplemental information on pages 49-55 is presented for additional analysis and is not required part of the basic financial statements.

The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) is presented for purposes of additional analysis and is not a required part of the basic financial statements.

**HOUSING AUTHORITY OF THE TOWN OF NEWTON  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
ON DECEMBER 31, 2022**

**THE AUTHORITY AS A WHOLE**

The Authority's revenues consist primarily of rents and subsidies and grants received from HUD. The Authority receives subsidies each month based on a pre-approved amount by HUD. Grants are drawn down based on need against a pre-authorized funding level. The Authority's revenues were sufficient to cover all operating expenses. The Authority's unrestricted net position appears sufficient to cover any foreseeable shortfall arising from a possible economic turndown and reduced subsidies and grants.

By far, the largest portion of the Authority's net position reflects its net investment in capital assets (e.g., land, buildings, equipment, and construction in progress). The Authority uses these capital assets to provide housing services to its tenants. Consequently, these assets are reported as "Net Investment in Capital Assets" and are not available for future spending. The unrestricted position of the Authority is available for future use to provide program services.

**THE HOUSING AUTHORITY OF THE TOWN OF NEWTON PROGRAMS**

Public and Indian Housing Program:

Under the Public and Indian Housing Program, the Authority rents units that it owns to low-income households. This program is operated under an Annual Contributions Contract (ACC) with HUD. HUD's rent subsidy program provides housing assistance to low-income families so that they are able to lease "decent, safe, and sanitary" housing for specific eligible tenants. The rent paid by the tenant is a percentage of tenant gross income subject to a \$50 minimum; it cannot exceed the greater of the following amounts: (a) 30% of the family's adjusted monthly income, (b) 10% of the family's monthly income, or (c) the Housing Authority of the Town of Newton flat rent amount.

Public Housing Capital Fund Program:

The Public Housing Capital Fund was established under the Quality Housing & Work Responsibility Act of 1998 (QHWRA). Substantially all additions to land, structures and equipment are accomplished through these programs (included in the financial statements under PHA Owned Housing). These funds replace or materially upgrade deteriorated portions of existing Authority property. This fund is used for repairs, major replacements, upgrading and other non-routine maintenance work that needs to be done on the Authority's apartments to keep them clean, safe and in good condition.

**HOUSING AUTHORITY OF THE TOWN OF NEWTON  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
ON DECEMBER 31, 2022**

**BUDGETARY HIGHLIGHTS**

For the year ended December 31, 2022, individual program or grant budgets were prepared by the Authority and adopted by the Board of Commissioners. The budgets were primarily used as a management tool and have no legal stature. The budgets were prepared in accordance with the accounting procedures prescribed by the applicable funding agency.

The Authority submits its annual operating and capital budgets to the State of New Jersey Department of Community Affairs in accordance with New Jersey statute. After the New Jersey Department of Community Affairs approves the budget, it is formally adopted by resolution of the Housing Authority's Board of Commissioners. Once adopted, the Board of Commissioners may amend the legally adopted budget when unexpected modifications are required in estimated revenues and expenses. Each fund's budget is prepared on a detailed line-item basis. Revenues are budgeted by source and expenditures are budgeted by expense classification within each revenue source.

**NEW INITIATIVES**

For the fiscal year 2022 the Housing Authority's primary focus has been on funding and accountability. As a public entity that derives approximately 43% percent of its revenue from the Department of Housing and Urban Development, (2021 was 47% percent), the Authority are constantly monitoring for any appropriation changes especially since it appears the nation is continuing an era of need for additional public assistance to help families meet the challenges of a very tumultuous economy.

The current administration of the Authority is determined to improve the financial results of the Authority's operations. In 2022, the Authority began exploring the possibility for a Rental Assistance Application (RAD), which would involve converting current public housing units to a Section 8 platform. While this process takes time the Authority has remained diligent in being proactive in regard to maintaining the condition of their buildings.

The Authority has made steady progress in various phases of our operations, all the while maintaining a strong occupancy percentage in the public housing units. Interactions with the residents are a constant reminder of the need of the services. Regardless of the constraints (financial or regulatory) placed on this Housing Authority, the Authority will continuously look for ways to better provide or expand housing to qualified residents of the Town of Newton all the while being mindful of their responsibility to be good stewards of the public's tax dollars.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

1 – Capital Assets

The Authority's net investment in capital assets as of December 31, 2022, was \$329,098 (net of accumulated depreciation). This net investment in capital assets includes land, buildings, vehicles, equipment, and construction in progress. The total increase during the year in the Authority's investment in capital assets was \$142,329 or 76% percent. The Authority had major capital expenditures in the amount of \$160,914 during the fiscal year.

This year's capital improvements include:

- Sidewalk Replacement
- Elevator Modernization
- Water Softener System
- Various Flooring Replacements

Additional information on the Authority's capital assets can be found in Note 8 to the financial statements, which is included in this report.

2 – Debt Administration

The Authority as of December 31, 2022, had no outstanding debt.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The Housing Authority of the Town of Newton is primarily dependent upon HUD for the funding of operations; therefore, the Housing Authority is affected more by the Federal budget than by local economic conditions. Pressure on the federal budget will remain in the form of both record deficits and competing funding needs. We do not expect this consistent trend to change.

The capital budgets for the 2023 fiscal year have already been submitted to HUD for approval and no major changes are expected. The Capital fund programs are multiple year budgets and have remained relatively stable. Capital Funds are used for the modernization of public housing property including administrative fees involved in the modernization.

**HOUSING AUTHORITY OF THE TOWN OF NEWTON  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
ON DECEMBER 31, 2022**

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES - CONTINUED**

The following factors were considered in preparing the Authority's budget for the fiscal year ending December 31, 2023.

- State of New Jersey economy including the impact on tenant income. Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of rental income. Tenant rental payments are based on tenant income.
- Converting Public and Indian Housing Program rental units into RAD subsidy units.
- Continued increases in health care insurance are expected to impact employee benefits cost over the next several years.
- Inflationary pressure on utility rates, supplies and other costs.
- Even if HUD was fully funded for both the Operating and Capital Funds, it is unlikely that Congress would appropriate adequate funding. Pressure on the federal budget will remain in the form of both record deficits and competing funding needs.

## Notes to Financial Statements

### **NOTE 1 - SUMMARY OF ORGANIZATION, ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES**

**1. Organization** - The Authority is a governmental, public corporation which was organized under the laws public corporation created under federal and state housing laws as defined by State statute (N.J., S.A. 40A:12A-1 et al the Housing Authority Act) for the purpose of engaging in the development, acquisition and administrative activities of the low-income housing program and other programs with similar objectives for low and moderate income families residing in the City of Newton in accordance with the rules and regulations prescribed by the Department of Housing and Urban Development (HUD).

The Authority is governed by a Board of Commissioners which is essentially autonomous but is responsible to the U.S. Department of Housing and Urban Development and the State of New Jersey Department of Community Affairs. An Executive Director is appointed by the Housing Authority's Board to manage the day-to-day operations of the Authority. The Authority is responsible for the development, maintenance, and management of public housing for low and moderate income families residing in the Town of Newton. Operating and modernization subsidies are provided to the Authority by the federal government.

The financial statements include all the accounts of the Authority. The Authority is the lowest level of government over which the Authority's Board of Commissioners and Executive Director exercise oversight responsibility. The Authority is not included in any governmental "reporting entity" since its board members; while they are appointed primarily by the Mayor of Newton and Town Council, the Board of Commissioners have decision making authority, the power to designate management, the responsibility to significantly influence operations, and primary responsibility for accounting and fiscal matters. The Authority has also concluded that it is excluded from Town of Newton reporting entity.

The Authority's financial statements include the accounts of all the Authority's operations. The criteria for including organizations as component units within the Authority's reporting entity, as set forth in Section 2100 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the Authority holds the corporate powers of the organization
- the Authority appoints a voting majority of the organization's board
- the Authority is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the Authority
- there is fiscal dependency by the organization on the Authority

Based on the following criteria, the Authority has not identified any entities which should be subject to evaluation for inclusion in the Authority's reporting entity.

### **Significant Accounting Policies**

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying financial statements are presented in conformity with accounting principles generally accepted in the United States of America for governmental units as prescribed by the Governmental Accounting Standards Board (GASB) and other authoritative sources. The Authority has determined that the applicable measurement focus (flow of economic resources) and accounting basis (accrual) is similar to that of a commercial enterprise. As such, the use of proprietary funds best reflects the activities of the Authority.

The Authority has adopted GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*. The Statement establishes accounting and financial reporting standards for non-exchange transactions including financial or capital resources. The Authority's primary source of non-exchange revenue relates to grants and subsidies. Grant and subsidy revenue are recognized at the time eligible program expenditures occur and/or the Authority has complied with the grant and subsidy requirements.

The Authority participates in the State of New Jersey Public Employees Retirement System (PERS), which is sponsored and administered by the New Jersey Division of Pensions and Benefits. It is a cost sharing, multiple employers defined benefit pension plan. PERS was established in January 1955 under the provision of NJ SA 43:15A to provide coverage, including post-retirement health care, for substantially all full-time employees of the state, its counties, municipalities, school districts or public agencies, provided the employee is not a member of another state administered retirement system.

### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

Under the accrual basis of accounting revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. This requires the Housing Authority to account for operations in a manner similar to private business or where the Board has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

#### Revenue Recognition

The major sources of revenue are HUD operating subsidy, and other revenue. Other revenue composed primarily of miscellaneous fees from the tenant, cell phone tower and laundry income. The Authority recognizes short-term rental income from tenants who have signed a lease agreement for less than one year, in accordance with HUD guidelines. The Authority considers both rental income and subsidies to be exempt from compliance with ASC 606 as they are covered under current and future lease standards. Additionally, the Authority also generates revenue from tenant charges and fees, laundry machine income all of which are considered integral to the primary operations and are recognized as revenue at the time they are received.

Non-operating revenue and expenses consist of revenues and expenses that are related to financing and investing activities and result from non-exchange transactions or ancillary activities. Tenants dwelling rental charges are determined and billed monthly and are recognized as revenue when assessed because they are measurable and are collectible within the current period. The amounts not received by December 31, are accounts receivable and any amounts received for subsequent period are recorded as deferred revenue.

HUD's rent subsidy program provides housing to low-income families so that they are able to lease "decent, safe, and sanitary" housing for specific eligible tenants. The rent paid by the tenant is a percentage of tenant gross income subject to a \$50 minimum; it cannot exceed the greater of the following amounts:

- (a) 30% of the family's adjusted monthly income,
- (b) 10% of the family's monthly income, or
- (c) Housing Authority of the Town of Newton's flat rent amount.

HUD operating, capital grants which finance capital and current operations are susceptible to accrual and recognized during the year earned in accordance with applicable HUD program guidelines. The Capital Fund Grant program contributions are expenditure driven grants with the revenue from the grant classified based on the expenditure. If the funds were expended for capital activities, the revenue is reported as capital contribution; if the funds are expended for other than capital, the revenue is reported as operating revenue.

### **Report Presentation**

The financial statements of the Authority have been prepared in accordance with accounting principles generally accepted in the United States of America applicable to enterprise funds of State and Local Governments on a going concern basis. The focus of enterprise funds is the measurement of economic resources, that is, the determination of operating income, changes in net position (or cost recovery), financial position and cash flows. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. In accordance with GASB Statement No. 34 (as amended), *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* ("Statement"). The Statement requires the basic financial statements to be prepared using the economic resources measurement focus and the accrual basis of accounting and requires the presentation of a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Net Position, and a Statement of Cash Flows. The Statement also requires the Authority to include Management's Discussion and Analysis as part of Required Supplementary Information.

The federally funded programs administered by the Authority are detailed in the Financial Data Schedule and the Schedule of Expenditures of Federal Awards; both are which are included as Supplemental information.

### **Other accounting policies are as follows:**

- 1 – Cash and cash equivalents are stated at cost, which approximates market. The Authority considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.
- 2 – Collection losses on accounts receivable are charged against an allowance for doubtful accounts. An allowance for doubtful accounts is established, as necessary, based on past experience and other factors which, in management's judgment, deserve current recognition in estimating bad debts.
- 3 – Buildings and equipment are recorded at cost for all programs and depreciation is computed on the straight line basis.
- 4 – Repairs funded out of operations, such as painting, roofing and plumbing, are charged against income for all programs.
- 5 – Operating subsidies received from HUD are recorded as income when earned.
- 6 – The cost of accumulated unpaid compensated absences, including fringe benefits, is reported in the period earned rather than in the period paid.
- 7 – Prepaid expenses represent payments made by the Authority in the current year to provide services occurring in the subsequent fiscal year.

# HOUSING AUTHORITY OF THE TOWN OF NEWTON

## Notes to Financial Statements

December 31, 2022

### **Other accounting policies - Continued**

8 – The Authority does not have any infrastructure assets for its Enterprise Fund.

9 – Inter-fund receivable and payables arise from inter-fund transactions and are recorded by all funds in the period in which the transactions are executed.

10- Advertising cost is charged to expense when incurred.

11- When expenses are incurred where both restricted and unrestricted net positions are available the Authority will first use the restricted funds until they are exhausted and then the unrestricted net position will be used.

12- Costs related to environmental remediation are charged to expense. Other environmental costs are also charged to expense unless they increase the value of the property and/or provide future economic benefits, in which event they are capitalized. Liabilities are recognized when the expenditures are considered probable and can be reasonably estimated. Measurement of liabilities is based on currently enacted laws and regulations, existing technology, and undiscounted site-specific costs. Generally, such recognition coincides with the Authority's commitment to a formal plan of action.

13- Certain conditions may exist as of the date the financial statements are issued, which may result in a loss to the Authority but which will only be resolved when one or more future events occur or fail to occur. The Authority's management and its legal counsel assess such contingent liabilities, and such assessment inherently involves an exercise of judgment. In assessing loss contingencies related to legal proceedings that are pending against the Authority or unasserted claims that may result in such proceedings, the Authority's legal counsel evaluates the perceived merits of any legal proceedings or unasserted claims as well as the perceived merits of the amount of relief sought or expected to be sought therein. If the assessment of a contingency indicates that it is probable that a material loss has been incurred and the amount of the liability can be estimated, then the estimated liability would be accrued in the Authority's financial statements. If the assessment indicates that a potentially material loss contingency is not probable but is reasonably possible, or is probable but cannot be estimated, then the nature of the contingent liability, together with an estimate of the range of possible loss if determinable and material, would be disclosed. Loss contingencies considered remote are generally not disclosed unless they involve guarantees, in which case the nature of the guarantee would be disclosed.

#### 14 - Taxes

The Authority operates as defined by the Internal Revenue Code Section 115 and is exempt from income taxes under Section 115.

Under federal, state, and local law, the Authority's program is exempt from income, property and excise taxes. However, the Authority is required to make payments in lieu of taxes (PILOT) for the low-income housing program in accordance with the provision of a Cooperation Agreement. Under the Cooperation Agreement, the Authority pay the municipality a 10% of its net shelter rent.

#### 15 - Net Position

In accordance with the provisions of Statement No. 34 ("Statement 34") of the Governmental Accounting Standards Board "*Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*", the Authority has classified its net position into three components - net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

*Net Investment in Capital Assets* - This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather that portion of the debt is included in the same net position component as the unspent proceeds.

*Restricted* - This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), granters, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

*Unrestricted Net Position* - This component of net position consists of net position that do not meet the definitions of "restricted" or "net investment in capital assets."

16 - Operating and non-operating revenues and expenses

The major sources of revenue for the Authority are various subsidies from the U.S. Department of Housing and Urban Development, tenants dwelling rents and various charges to tenants and cell laundry income.

Operating expenses include wages, management fees, utilities, maintenance, depreciation of capital assets, administrative expenses and all other expenses relating to the provision of safe, decent and affordable housing services that do not result from transactions defined as capital and related financing, non-capital and related financing or investing activities.

### Non-Operating Revenue and Expenses

Authority's nonoperating revenues relate primarily to capital grants provided by HUD interest income, and extraordinary expenses. For reporting purposes, capital grant revenue is recognized when expenditures are incurred, and advance receipts are initially recorded as unearned revenue. Nonoperating expenses are expenditures derived from transactions other than those associated with the Authority's primary housing operations and are reported as incurred.

### 17-Impairment Losses

The Authority reviews its investment in real estate for impairment whenever events or changes in circumstances indicate that the carrying value of such property may not be recoverable. Recoverability is measured by a comparison of the carrying amount of the real estate to the future net undiscounted cash flow expected to be generated by the rental property including any estimated proceeds from the eventual disposition of the real estate. If the real estate is considered to be impaired, the impairment to be recognized is measured at the amount by which the carrying amount of the real estate exceeds the fair value of such property. No impairment losses were recognized in 2022.

### 18- Recent Accounting Pronouncements

The Authority has implemented all new accounting pronouncements that are in effect and that may impact its financial statements. The Authority does not believe that there are any new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

**Board of Commissioners** - The criteria used in determining the scope of the entity for financial reporting purposes are as follows:

1. The ability of the Board to exercise supervision of a component unit's financial independence.
2. The Board's governing authority extends to financial decision making authority and is held primarily accountable for decisions.
3. The Board appoints the management of the Authority who is responsible for the day-to-day operations and this management are directly accountable to the Board.
4. The ability of the Board to significantly influence operations through budgetary approvals, signing and authorizing contracts, exercising control over facilities, and approving the hiring or retention of key managerial personnel.
5. The ability of the Board to have absolute authority over all funds of the Authority and have accountability in fiscal matters.

### **Budgetary and Policy Control**

The Authority submits its annual operating budgets and capital budgets to HUD. The Authority also submits its annual operating and capital budgets to the State of New Jersey Department of Community Affairs in accordance with New Jersey statute. After the New Jersey Department of Community Affairs approves the budget, it is formally adopted by resolution of the Housing Authority's Board of Commissioners. Once adopted, the Board of Commissioners may amend the legally adopted budget when unexpected modifications are required in estimated revenues and expenses. Each fund's budget is prepared on a detailed line-item basis. Revenues are budgeted by source and expenditures are budgeted by expense classification within each revenue source.

### **Revenue from Rental Contracts**

The Authority recognizes rental revenue from tenant(s) who entered into a lease agreement (contract) for a unit in the development. The lease agreement allows the tenant use of the unit the expiration of the lease term or cancellation by the tenant or landlord due to cause. Lease terms are for one year, unless mutually agreed to by the landlord and the tenant(s) prior to move in. Tenant(s) must be income qualified in accordance with income limitations before allowed to occupy unit.

The lease agreement has similar terms therefore, all lease contract revenue has been aggregated in the caption rental revenue in the statement of income. The lease contract revenue is recognized at the end of each month when the performance obligation of providing a unit is complete. The performance obligation each month also includes applicable maintenance services provided to maintain the tenant(s) unit and the buildings(s). Since the performance of these services are completed simultaneously each month, they are treated as performance obligation.

Tenant(s) lease payments are due the first day of each month of the lease term. The monthly unit rental charge is determined based on HUD calculation. Any tenant(s) rental payment not received by the fifth day of each month will be charged a late fee. Any rental payment received in advance of the first day of the month are recognized as deferred revenue since the conditions for recognizing revenue will not occur until the end of the following month.

### **NOTE 2 - ESTIMATES**

The financial statements and related disclosures are prepared in conformity with accounting principles generally accepted in the United States. Management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and revenue and expenses during the period reported. These estimates include assessing the collectibility of accounts receivable, the use, and recoverability of inventory, and the useful lives and impairment of tangible and intangible assets, among others. Estimates and assumptions are reviewed periodically, and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from those estimates, particularly given that the COVID-19 pandemic continues to create financial uncertainty throughout the economy. The most significant estimates included in the preparation of the financial statements are allowance for doubtful accounts and estimated fixed asset lives.

### **NOTE 3 - PENSION PLAN**

The Authority participates in the State of New Jersey Public Employees Retirement System (PERS), which is sponsored and administered by the New Jersey Division of Pensions and Benefits. It is a cost sharing, multiple-employer defined benefit pension plan. PERS was established in January 1955 under the provision of NJ SA 43:15A to provide coverage, including post-retirement health care, for substantially all full time employees of the state, its counties, municipalities, school districts or public agencies, provided the employee is not a member of another state administered retirement system.

Membership is mandatory for such employees. Contributions to the plan are made by both the employee and the Authority. Required employee contributions to the system are based on a flat rate determined by the New Jersey Division of Pensions for active plan members. Benefits paid to retired employees are based on length of service, latest earnings, and veteran status. Authority contributions to the system are determined by PERS and are billed annually to the Authority.

#### **Concentration of Credit Risk**

HUD requires housing authorities to invest excess funds in obligations of the United States, Certificates of Deposit or any other federally insured investment. HUD also requires that deposits be fully collateralized at all times. Acceptable collateralization includes FDIC/FSLIC insurance and the market value of securities purchased and pledged to the political subdivision. Pursuant to HUD restrictions, obligations of the United States are allowed as security for deposits. Obligations furnished as security must be held by the Authority or with an unaffiliated bank or trust company for the account of the Authority. These funds at various banks are collateral pledge under the New Jersey Government Code of the Banking Law.

### **NOTE 4 – CASH, CASH EQUIVALENTS – CONTINUED**

#### **Risk Disclosures**

##### Collateral for Deposits

New Jersey Authorities are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or State of New Jersey or the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of securities which may be purchased by New Jersey Authorities. The Authority is required to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

##### Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from rising interest rates, the Authority's investment policy limits the Authority's investment portfolio to maturities not to exceed two years at time of purchase. On December 31, 2022, the Authority's deposits and investments were not limited and all of which are either available on demand or have maturities of less than two years.

##### Credit Risk

This is risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. The Authority's investment policy is that none of its total portfolio may be invested in securities of any single issuer, other than the US Government, its agencies and instrumentalities. The Authority's checking accounts and investments are categorized to give indication of the level of credit risk assumed by the Authority. Custodial credit risk is the risk in the event of a bank failure, the Authority's deposits may not be returned to it. The custodial credit risk categories are described as follows:

<u>Depository Accounts</u>	<u>December-22</u>
Insured	\$ 314,836
Collateralized held by pledging bank's trust department in the Authority's name	<u>563,784</u>
Total Cash, Cash Equivalents	<u><u>\$ 878,620</u></u>

 Accounts Receivable HUD	 <u>136,080</u>	 <u>-</u>
 Net Accounts Receivable	 <u>\$ 137,885</u>	 <u>\$ 1,482</u>

Tenant rents are due on the first day of each month. If a rent payment is not received by the 5th day of the month, it is considered past due and late fees are applied. The Authority records its accounts receivable at cost minus an allowance for doubtful accounts, which is established as needed based on factors such as historical collection experience, the current state of accounts receivable, economic conditions, and other considerations. This process involves assessing the creditworthiness of individual tenants and the portfolio as a whole. The determination of the collectability of amounts due requires the Authority to make judgments about future events and trends. The increase in the allowance for doubtful accounts is mainly due to the economic impact of COVID-19, as reflected in bad debt expenses. Management continually monitors tenant payment patterns, investigates past-due accounts, and stays informed of industry and economic trends to estimate the necessary allowances.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Commissioners  
Housing Authority of the Town of Newton  
32 Liberty Street  
Newton, New Jersey 07860

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities of Housing Authority of the Town of Newton, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise Housing Authority of the Town of Newton's basic financial statements, and have issued our report thereon dated August 25, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Housing Authority of the Town of Newton's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Housing Authority of the Town of Newton's internal control. Accordingly, we do not express an opinion on the effectiveness of Housing Authority of the Town of Newton's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis.

A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Housing Authority of the Town of Newton's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
